

# Florida Digital Educator Program

## Adobe Connect Training Server

Dear Florence,

I would like to first start by thanking you for your hard work you have done for the MDE and FDEP programs. This letter is to inform you that your login to the FCIT Adobe Connect Server has been set up. The server address at this time is:

<http://breeze.fcit.usf.edu>

However, the server address will be changing to:

<http://connect.fcit.usf.edu>

This will be phased over a month and you will need to use “connect” and NOT “breeze” starting November 30, 2007.

Login: mcgee\_f@mac.com

Password: McG123

I will have training tutorials posted by Wednesday, October 10, 2007.

This server is to be used for online communities, if you would like to use the Connect server for another reason, please contact Michael Sweeney at [msweeney@coedu.usf.edu](mailto:msweeney@coedu.usf.edu).

Thank you,

Michael Sweeney
